

**REMARKS**

This is in response to the Office Action of November 23, 2007. Claims 1-37 are pending in the application.

In response to the requirement for restriction, Applicants elect the invention of Group I, claims 1-28. The requirement for restriction is traversed, on the ground that it would not be unduly burdensome for the PTO to examiner method claims 29-37 along with elected claims 1-28.

In response to the requirement for election of species, Applicants elect the compound N-(3-chloro-6-hydroxyphenyl)-N'-(2-chloro-5-trifluoromethylphenyl)urea. Claims 1-27 read on the elected species. Claim 28 is drawn to a pharmaceutical composition that may include the elected species.

An early and favorable first action on the merits of all of claims 1-37 is earnestly solicited.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Richard Gallagher (Reg. No. 28,781) at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.

Dated: December 18, 2007

Respectfully submitted,
